

220 OUTRAGE®

SPECIFICATIONS

At 22' 5", the new 220 Outrage® is small enough to trailer but fast and tough enough to bring big water down to size. With an all-new running surface and Mercury® outboard choices ranging from the standard 225-hp engine to an optional 300-hp Verado®, it delivers exceptional performance and a smooth, dry ride. As you'd expect from an Outrage, it's full-featured from the start, and abundantly roomy. There's a generous twenty-six inches of interior freeboard and enough space for ten people to head out to blue water. And the long list of options and accessories means owners can rig the 220 any way they want.
